

The Magic House Proudly Presents ***Magic at Home!***

Salad Spin Art

Materials Required:

- Salad Spinner
- 3 colors of your choice of tempera paint
- A round piece of paper (thick pieces like cardstock paper work best for this project)
- Any kind of squirt bottle

Instructions:

1. With the top open, place the empty sheet of round paper inside the basket of the salad spinner bowl.
2. Apply the paint on the round sheet of paper. The best tools to apply the paint is with a squirt bottle or any kind of condiment bottle so that dots and swirls are easier to execute.
3. Cover the salad bowl with the lid, and vigorously press down the salad button as many times as you want and the paint will spread on the round sheet of paper.
4. Once the spinning is done, now open the lid and you will have successfully created a salad spin art piece!
